Green Screen * Cover Shots * Theme Event Photography

Green Screen

Picture yourself in a Saloon Bar or Racing Car at the foot of a Grand Staircase of an Enormous castle or in a Famous scene with famous faces or landmark. This is brought to you using the latest green screen technology. The digital background can be anything you like. We can design a background also to suit the theme of your event.

This process is adopted from films that are used to create fabulous stunning effects. Best of all its fun and the picture is delivered instantly. Effects are enhanced by the combined uses of black and white adjustments or sepia toning as the theme dictates.

An awesome attraction, it has the benefit of guest involvement, it is fun, different and the Wow factor affects the atmosphere of an event. We can do as many pictures as the event requires. The high quality output image is a true souvenir for the event and the presentation folder can be branded with logos and event details.

Cover Shots Event photography

These are candid shots taken in a fixed location or by a roaming photographer. The pictures are overlaid with magazine style covers making you the celebrity.

Any template can be created, Sporting Magazines, Glossys, In-house magazine templates. All company logos, gossip one-liners and product information can be created within the template.

As with all our event photography solutions photos can be supplied on the night or printed off site for delivery.

Themed event photography

The Ultimate Package... combining several elements of our different photographic options i.e Green Screen to set the scene, a template boarder, bring in some costumes and get your guests dressed up or accessorised and photographed for a totally unique experience and picture to take home on the night.
