

# FAQs Just Amazing Pictures

## **Set up:**

Just Amazing Pictures is self-contained occupying a 2.5 mtr square space (usually best placed in a corner position). The attraction comes complete with all equipment, operator and a stand displaying relevant choice pictures. All prices quoted allow for unlimited pictures within the given time frame for hire. The requirements we need from the venue are 2 tables and 2 high bar stools and access to an electrical socket.

## **When does it work best:**

It works at all sorts of functions, parties, theme events, black tie balls. It has over the years been incredibly successful for exhibitions, promotions, and day events.

## **How do my customers see what is going on;**

We include one 17" monitor display as standard, two on request for no additional charge. Plasma screens can be used and hired at additional charge.

## **How does it work :**

Just Amazing pictures is unique in its application of heads on body digital imaging, this is where we directly superimpose someone's face onto a celebrity body this could be a cover shot or film still. The customers face is auto colour matched to the original body. We have literally 1000 backgrounds a selection of the best is made available on the evening and we also carry or can custom make your own set of theme images. Our Green Screen photography system has the facility for superimposing the whole person/s onto a themed backdrop or placed in theme borders around subject (see Green screen photography).

## **What is the point of it:**

Just Amazing pictures is a unique and memorable product which has never failed to be the most popular attraction in all 700 events that it has been repeatedly been hired in at. It serves as an attraction in itself it can serve as a crowd pulling attraction where data capture can be included, it serves as a souvenir or used in a gift with purchase capacity it also serves for promotion or launch of product or services.

## **How is the picture presented:**

The pictures once printed are placed into a presentation sleeve/folder. This is a white card that can be custom branded with logos and event details on the front and back covers adding personal and memorable value to the event.
