

FAQs Sketch Show/Computer Caricature

What is the Sketch Show ?

This is a digital imaging attraction whereby a photo is taken of a person/s and rendered to become a stylised authentic looking black and white sketch of the person or group in a range of pencil styles. Delivered in around 90 seconds

What is the Computer Caricature?

This is a digital imaging attraction whereby a photo is taken of a person who is then caricatured and rendered to produce an stylised authentic looking black and white caricature..

What's the point of it ?

This works as a novelty attraction. Guests have the opportunity to take away a personal souvenir from the event. It has proved popular due to the quality of output and turnover. Your guests will love having personal novelty sketches taken with their friends and colleagues. The results are always guaranteed to be flattering. It has never failed to produce an endless awaiting crowd.
